Welcome to the Mount Alvernia Community

On behalf of the Mount Alvernia College Parents and Friends Support Network (P&FSN), welcome to our community. I hope that you and your child's time with us is an enriching and rewarding experience.

As your child makes the transition from primary to secondary school, or as they move from one school to another, it can be challenging for you and your child to make new connections. As a parent/caregiver one of the best ways we have found to become connected, in a relaxed and supportive way, is to participate in the P&FSN.

Your P&FSN is not your typical Parents & Friends committee. Our focus is to encourage and support parent, family, and community involvement with Mount Alvernia College. We are not about fundraising.

Over the course of the year the P&FSN will hold several events where you have the opportunity to meet and foster friendships with other parents, teachers, staff members, as well as assisting the P&FSN Committee.

I ask that you consider volunteering at any of the P&FSN events as any assistance you could offer is greatly appreciated. You are also most welcome to attend our quarterly P&FSN meetings, either in person or streamed via Teams. The details can be found on the College website:

Working together in unity gives us a solid base to continue to build our school community.

Regards

Lidia Ranalli
